Subject: Just Point and Sign - Fantastic!!!!

Victoria,

I just wanted to thank you for putting this book together. I am only about 1/3 of the way through it, (end of month) and I have to say this is the absolute best. It was well worth the investment!

You have definitely outdone yourself and I just can't thank you enough. I can tell after reading a portion of "Just Point and Sign" that this is going to help me improve upon my skills.

Victoria, keep up the wonderful work and I am very grateful for knowing both you and Josette. You all have helped me tremendously throughout my endeavor. It's so good to know there are friends out there like you all.

Thanks so much!!!
Tammy
